

EUFIN 2018

The 14th Workshop on European Financial Reporting

in collaboration with EAA's journal
Accounting in Europe

Stockholm School of Economics, Sweden
30–31 August 2018

Submission Due Date: May 21, 2018

CALL FOR PAPERS

BACKGROUND

We are pleased to announce the 14th Workshop on European Financial Reporting, which will take place at the Stockholm School of Economics, Sweden, on 30–31 August 2018. In continuation of the workshop's tradition, the 2018 version will offer parallel sessions that give sufficient room to present and discuss academic research papers. In addition, there will be plenary sessions on practical implications of current developments in financial reporting in Europe, involving speakers representing different perspectives.

TARGET AUDIENCE

The workshop offers an opportunity and venue for the meeting of academics and practitioners that are interested in recent developments and research projects regarding financial reporting in Europe, its regulation and harmonisation, and its process of change due to international developments. Young academics are especially invited to participate and profit from the fruitful atmosphere of the EUFIN workshops. Topics of the papers may include, but are not restricted to, current accounting, governance and accountability issues with regard to the EU or particular European countries, economic and regulatory issues of international financial reporting and standard setting, auditing and enforcement.

CALL FOR PAPERS

Papers are invited on any aspect of financial accounting and corporate reporting in Europe. Practice- and policy-oriented research papers are particularly welcome.

Papers written in English should be submitted electronically no later than 21st May 2018 via the Conference website www.eufin2018.com.

Please notice that the electronic submission will open on 16th April 2018.

Papers will be subject to a blind review process. Authors will be notified of acceptance by 30th June 2018.

ACCOUNTING IN EUROPE FAST TRACK

Papers accepted for the workshop may be submitted to EAA's journal *Accounting in Europe* for a fast-track review.

Accounting in Europe aims to contribute to policy debate by publishing high quality articles that provide new insights for research, practice, policy and regulation in all areas of accounting. The journal welcomes papers from a wide range of paradigms and research methods which are targeted towards its mixed academic and practitioner readership and which enhance the understanding or the development of accounting and auditing either in Europe or for Europe from a global perspective.
